*Believed to be not only the largest extant mint multiple (one block of four being present in the Royal Collection) but also the only mint multiple in private hands. The British Postmaster in his haste to create a 40 paras substitute, neglected to send examples of the provisional overprint to the U.P.U. When the error was brought to his attention by the G.P.O. in London, a further printing of some 800 examples was made. These all show the late state of the handstamp with broken "S" in "PARAS". Strips of five were then circulated to each U.P.U. member in December 1894. A much undercatalogued stamp in mint condition, this provisional having been in use for five days only at the Constantinople and Stamboul offices.*

# The Malaya Study Group

THE MALAYA STUDY GROUP was formed in 1959 to study the stamps and postal history of the geographical area now covered by West Malaysia and Singapore. Since that time, the group has gone from strength to strength, and now has hundreds of members worldwide.

The Group is based in the United Kingdom. Meetings are held throughout the year with the majority being in London, but also in Singapore, Malaysia, Australia, Scotland, Worthing and Leicester. Specialist displays are given by individual members, or as a group where all are invited to contribute.

Auctions are held two or three times a year and include high-class specialist items. Participation in buying or selling is restricted to Group members only. The Group also operates a Packet Circuit for UK members, an excellent way to fill those awkward gaps.

The highly respected society journal, *The Malayan Philatelist*, is distributed four times a year to all members. It contains a wealth of information and in depth articles on all aspect of Malayan/Malaysian philately, all members being encouraged to contribute.

A comprehensive cross referenced index to *The Malayan Philatelist*, has recently been produced and is available on CD. Additionally, a Newsletter is distributed with the same frequency. This includes descriptions of displays given by members, both to the Malaya Study Group and other societies, members' activities, and information of a general nature of interest to the group.

Several specialist books have been produced by the MSG, which are available for purchase, including the definitive 3 volume work *Malaysia and The Federation of Malaya – their stamps and postal stationery* by L C Stanway FRPSL.

Not all members are specialists, and few collect everything. Interest spans such diverse topics as Censor Mails, Postage Dues, British Military Occupation, Malaysian Definitives, Postal History, Postal Stationery, Japanese Occupation, a specific State or reign etc.

Membership is £15 per annum, which is excellent value for money!
