De La Rue's Progressive File Sheet

The 10s & £1 have been removed and the 2s re-positioned. Due to the rather haphazard progress of the sheet manuscript notes have been erased and dates obliterated with additions. Only one, a SPECIMEN from the first printing of each change in design or colour was added.

Particular examples of interest are:

1 - 1907, 1d Red (UPU colour) handstamped 'SPECIMEN' in violet
 2 - 1922, 4d & 4s with Key Plate colour clearly grey and not black
 3 - 1928, 1d & 1½d. A marginal note in the same hand in CA book against the first printing - "Colours 1d Red - 1½d Env 1½d Brown - submit 1½d before proceeding." "Single impressions for stationery."
