CONDITIONS OF SALE

NOTICE. Robson Lowe Ltd., the Auctioneers, exercise the utmost care to ensure that all statements as to cancellation, centring, colour, condition, date of issue or of postal marking, gum, margins, paper, perforation, printing, provenance, quality, sheet position, status, usage and watermark, etc., in the lot descriptions are reliable and accurate and that each item, unless the contrary is indicated, is genuine and authentic. The statements, however, are not intended to be, are not and are not to be taken to be statements of fact or representations of fact. They are statements of the opinion of the Auctioneers, and attention is particularly drawn to clause 6 of the Philatelic Auctioneers' Standard Terms and Conditions of Sale below. Unless made by Robson Lowe Ltd. comments and opinions concerning the points previously mentioned which may be found in or on lots in the form of notes, lists, writing-up or any other means of expression, do not constitute a part of the lot description and are not to be taken as such.

1. The purchaser to be the highest bidder. Any dispute arising as to the highest bidder to be determined by the Auctioneer who may re-offer any disputed lot.
2. (a) The bidding and advances to be regulated at the Auctioneer's discretion.
(b) If so required, buyers to give their names and addresses and/or to pay down the whole or part of the purchase price at the sale. Failure to comply with these rules in respect of any lot entitles the Auctioneer to re-sell the lot, any deficiency being made good by the defaulter.
(c) Agents bidding on behalf of undisclosed clients do so on their own responsibility both for payment and safe delivery of the lots.
3. The Auctioneer reserves the right to bid on behalf of Clients and Vendors, but shall not be liable for any errors or omissions in executing instructions to bid.
4. The buyer of each lot to be responsible for it from the time it is "knocked down". Payment to be made in full before delivery and the lot to be removed by United Kingdom buyers within seven days and by Overseas buyers within a reasonable time. Failure to pay in full within such period entitles the Auctioneer to re-sell the lot, any deficiency being made good by the defaulter.
5. The Auctioneer shall not be liable for any default of the Purchaser or Vendor.
6. (a) Each lot is sold as genuine and correctly described.
(b) The purchaser to be at liberty to reject the lot by giving written notice within seven days (or, in the case of Overseas buyers, within a reasonable time of the date of the sale) if he proves that the lot is not genuine or is incorrectly described and returns the lot within thirty days of the sale (or within such longer period as the Auctioneer may in his discretion allow). The onus of proving a lot to be not genuine or wrongly described lies with the purchaser; proof of the inability of an Expert Committee to express a definite opinion will not discharge this onus.
(c) No lot to be rejected if, subsequent to the sale, it has been immersed in water or treated by any other process unless the Auctioneer's permission to subject the lot to such immersion or treatment has first been obtained.
(d) The above provisions of this clause do not apply to mixed lots and collections containing undescribed stamps.

SPECIAL CONDITIONS

1. Failure on the part of a bidder or purchaser to comply with the conditions, a synopsis of which is printed above, entitles the Auctioneer to cause the bidder or purchaser to forfeit any deposit held. Any uncleared lots after seven days may be re-sold by public or private sale and any deficiency shall be made good by the defaulters.
2. Lots purchased on behalf of mail bidders will be forwarded by the most practical method at the risk of the purchaser who shall bear all charges incurred.
3. The Auctioneer shall not be liable for any omission or errors made by clients when sending their instructions to bid.
4. If a prospective purchaser wishes to obtain an expert opinion on any lot (not being a mixed lot or collection containing undescribed stamps) the Auctioneer must receive in writing any request for an "extension" at least twenty-four hours prior to the time of the auction. The Auctioneer reserves the right on behalf of the vendor to cancel any bid with an extension (notifying the bidder) where it is established by the Auctioneer that the lot would not obtain a satisfactory certificate. Extensions for reason of condition will not be granted for expert opinion, such matters being decided prior to the sale by the Auctioneer, who reserves the right to cancel the bid on behalf of the vendor and notify the bidder of his action. Should the Auctioneer agree to accept a bid with an extension this fact will be stated by the Auctioneer from the rostrum before the lot is offered for sale. When a lot is sold subject to an extension the Auctioneer will require the lot to be paid for pending the receipt of the expert opinion, the costs of which are the liability of the buyer. Extensions are not given on mixed lots or a collection containing undescribed stamps or on an item which is already accompanied by a certificate of opinion dated within ten years of the day of the sale. An extension can only be granted on the understanding that the opinion of the expert or expert committee is secured and the Auctioneer advised within sixty days of the date of the sale.
5. The right to refuse admission to the Auction Room is reserved.
6. Bids from minors will not be accepted unless accompanied by a full cash deposit or by suitable guarantees. New clients must send references in advance or a full cash deposit.
7. All purchases made by residents in the Dollar Area must be paid for in Dollars at the controlled rate of exchange or by Sterling Draft.
8. Interest at 1% for the first month or part of a month and 1½% per month for any further credit, is charged on all auction accounts if payment is not made within seven days of the date of the Sale (Overseas Buyers within seven days of the receipt of the invoice). When paying in any currency other than sterling, 1% must be added to the account to allow for bank transfer costs.
9. Stamps described as having defects are not returnable on account of their condition. Stamps cannot be returned on account of the centering or the amount of margin when such stamps are illustrated.
10. Any dispute as to the meaning or operation of these Special Conditions or of the Conditions, a synopsis of which is printed above, shall be determined conclusively by the Auctioneer.

Lots not available for postal inspection can be seen by appointment only at the auction room during the three weeks prior to the sale. Applications should be sent as early as possible for the demand for inspection is considerable.

We very much regret that lots cannot be viewed whilst the sale is in progress.

EXTENSIONS

Notice of any extension must be given in writing to the Auctioneer at least twenty-four hours prior to the time of the auction. This notice must give the reason why an extension is required and whose expert opinion is to be sought; this latter must be agreed by the Auctioneer. Extensions for reasons of genuineness and classification will be considered by the Auctioneer, who will examine the lot. If it is established that the lot would not obtain a satisfactory certificate the bid and the extension will be cancelled and the bidder advised. Extensions requested for reason of condition will not normally be accepted for expert opinions to be secured, but the lot will be examined by the Auctioneer and the bid cancelled if it is felt that a defect is present and not described. Lots described as "with faults", "Defective", etc., are not subject to return on grounds of condition.

An extension granted is so granted only on the understanding that the expert opinion is obtained within sixty days of the auction, after which time the right of return is forfeit. ANY VARIATION in this condition must be agreed in writing through the Auctioneer prior to the auction between the potential buyer and the vendor. All lots on which an extension is granted must be paid for within seven days of the auction.

First Session at 10.00 hrs.

There appears to be considerable duplication of some letterings, but this assembly would be a splendid start towards sheet reconstructions. (‡1,372)	£80
372○	— ditto, a quantity used and off paper in a tin. Some are defective but the majority are fair to fine. Also three large volumes of notes to assist in plating this issue. (‡4,000)	£50

374○	1870 ½d. in a "Netto" stock book, arranged by plates by the owner, the plates concerned being almost entirely 1 to 9. We have checked plate 9 and find 17 copies; of plate 1 there are apparently about 40, and of plate 8 about 100. Plates 3, 4, 5 and 6 are strongly represented, and a considerable number are "unidentified". Unfortunately about 50% have been cut too close and perfs. cut off, etc. when being removed from their covers. Valuable for sheet reconstructions. (‡1,000)	£160
375○	— ditto, a very similar selection in another stock book, with a few plate 10 in addition. Herein are plate 9 (7) and apparently plate 1 (about 100) and plate 8 (about 170). (‡1,550)	£200

20th Century

They are all unused but have lost their gum, many are faded, many are stained in varying degrees; but most are in corner or marginal multiples of different sizes, many have "cuts" or marginal notes, and a fair proportion are still of good colour, and should be of interest to a specialist in these issues.
