collections of

INDIA

The late Lt.-Col. L. T. Rose-Hutchinson was a connoisseur of quality and rarity. Unfortunately failing sight and pressure of lushness affairs prevented his completion of mounting and arranging the vast accumulation of material that is offered. Since his death this section of his philatelic estate has been put in order by his friend and fellow student, Col. A. E. Stewart, of Ballater, to whom we make due acknowledgment of much valuable assistance in lotting the Indian section.

This £8,000 study includes Scinde Dawk, 1854 Essays, Proofs, ½a., 1a., 2 as., 4 as., Reprints, etc. Later issues of Queen Victoria, King Edward VII, King George V, also Collections and Officials. The following groups are outstanding in quality, rarity and study: Convention States, Feudatory States; a remarkable and valuable section of India Used Abroad and relevant Literature.

The Reference Handbook Auction Catalogue is now ready, including hundreds of illustrations, many in colour. Price 1/-.

Subsequent to the sale, Bound Catalogues of the sale of this extraordinary collection will be available, with Prices Realised, at One Guinea.
