### EARLY VIEWING FACILITIES

Clients who cannot conveniently visit 50 Pall Mall on the viewing days quoted in each catalogue, may view lots at an earlier date BY APPOINTMENT, providing three days' notice is given in writing of time and the lot numbers which are required. The observance of these arrangements makes it possible for our Inspection Clerk to reserve the lots (which might otherwise be out with a postal viewer) and to have them available on the first floor when the client calls.

# Conditions of Sale

*Every Lot in our Auctions is offered subject to the "Philatelic Auctioneers' Standard Terms and Conditions of Sale", a copy of which may be obtained free on request from our Offices.*

A synopsis of these Conditions of Sale is printed below.

1. The purchaser to be the highest bidder. Any dispute arising will be determined by the Auctioneer who may immediately re-offer any disputed lot.
2. (a) The bidding and advances to be regulated at the Auctioneer's discretion.  
(b) Buyers to give their names and addresses; also, if required, to pay down the whole or part of the purchase price before or on delivery. Failure to comply with these rules may cause any deposit to be forfeited; uncleared lots after four days may be resold by public or private sale and any deficiency shall be made good by the defaulters.  
(c) Agents bidding on behalf of undisclosed clients do so on their own responsibility both for payment and safe delivery of the lots.
3. The Auctioneer reserves the right to bid on behalf of Clients and Vendors.
4. The buyer of any lot becomes responsible for it from the time it is "knocked down". By arrangement with the Auctioneer, purchasers in the room may take delivery of any material secured. Lots purchased on behalf of mail bidders will be forwarded by the most practical method, all charges incurred to be borne by the purchaser.
5. The Auctioneer shall not be liable for any default of the purchaser or vendor. The Auctioneer shall not be liable for any omissions or errors made by clients when sending their instructions to bid.
6. Each lot is sold as genuine and correctly described and the purchaser is at liberty to reject the lot within seven days of the date of the sale if the lot does not agree with the description. Should the purchaser wish to obtain expert opinion on any individual lot, reasonable extension of time will be granted by the Auctioneer if requested within seven days of the date of the sale. (Overseas buyers within seven days of receipt of the lot). This condition does not apply to mixed lots and collections containing undescribed stamps. The onus of proving a lot to be not genuine or wrongly described lies with the purchaser; proof of the inability of the Expert Committee to express a definite opinion will not discharge such onus. No lot may be rejected if, subsequent to the sale, it has been immersed in water or treated by any other process unless the Auctioneer's permission to subject the lot to such immersion or treatment has first been obtained.

*We reserve the right to refuse admission to our auction room.*

**Lots will be on view at our auction room on November 10th to 17th and on the morning of the sale. Lots of a suitable size can be sent through the post for inspection, postage and insurance both ways to be borne by the client.**

As the demand for inspection is considerable, applications should be sent as early as possible.

New clients should send references in advance or a full cash deposit.

Bids from minors cannot be accepted unless accompanied by a full cash deposit or by suitable guarantees.

All purchases made by residents in the Dollar Area must be paid for in Dollars at the controlled rate of exchange, or by Sterling Draft.

\* \* \* \* \*

*Valuations are fair values that a collector may expect to pay.  
The finer points of quality are often indicated by these valuations.*

## Extensions

Where extensions are requested on single items, the buyer should notify the auctioneer who will submit the lot to the R.P.S. or the B.P.A. Expert Committees (as preferred by the buyer). The auctioneer may require the lot to be paid for pending the receipt of the expert opinion, the cost of which is the liability of the buyer.

THE fine stamps shown on this page all come from the collection formed by the late R. W. Lloyd of London. The main strength in this property lies in the unused, often in multiple pieces and as fresh as the day when they were made. Many of the used stamps are equally fine (witness the British Guiana on this page) for the late owner believed that this was a visual hobby and, as in his famous collections of pictures and other articles of vertu, he sought beauty in all that he bought.
