**CONDITIONS OF SALE** Every lot in our Auctions is offered subject to the "Philatelic Auctioneers' Standard Terms and Conditions of Sale" (of which follows a Synopsis) and to the Special Conditions printed below. A copy of the former can be obtained free on request from our offices.

**Synopsis of Philatelic Auctioneers' Conditions of Sale.**

1. The purchaser to be the highest bidder. Any dispute arising as to the highest bidder to be determined by the Auctioneer who may re-offer any disputed lot.
2. The bidding and advances to be regulated at the Auctioneer's discretion.
  - (b) If so required, buyers to give their names and addresses and/or to pay down the whole or part of the purchase price at the sale. Failure to comply with these rules in respect of any lot entitles the Auctioneer to re-sell the lot, any deficiency being made good by the defaulter.
  - (c) Agents bidding on behalf of undisclosed clients do so on their own responsibility both for payment and safe delivery of the lots.
3. The Auctioneer reserves the right to bid on behalf of Clients and Vendors, but shall not be liable for any errors or omissions in executing instructions to bid.
4. The buyers of each lot to be responsible for it from the time it is "knocked down". Payment to be made in full before delivery and the lot to be removed by United Kingdom buyers within seven days and by Overseas buyers within a reasonable time. Failure to pay in full within such period entitles the Auctioneer to re-sell the lot, any deficiency being made good by the defaulter.
5. The Auctioneer shall not be liable for any default of the Purchaser or Vendor.
  - (a) Each lot is sold as genuine and correctly described.
    - (b) The purchaser to be at liberty to reject the lot by giving written notice within seven days (or, in the case of Overseas buyers, within a reasonable time of the date of the sale) if he proves that the lot is not genuine or is incorrectly described and returns the lot within thirty days of the sale (or within such longer period as the Auctioneer may in his discretion allow). The onus of proving a lot to be not genuine or wrongly described lies with the purchaser; proof of the inability of an Expert Committee to express a definite opinion will not discharge this onus.
    - (c) No lot to be rejected if, subsequent to the sale, it has been immersed in water or treated by any other process unless the Auctioneer's permission to subject the lot to such immersion or treatment has first been obtained.
    - (d) The above provisions of this clause do not apply to mixed lots and collections containing undescribed stamps.

**SPECIAL CONDITIONS**

1. Failure on the part of a bidder or purchaser to comply with the conditions, a synopsis of which is printed above, entitles the Auctioneer to cause the bidder or purchaser to forfeit any deposit held. Any uncleared lots after seven days may be re-sold by public or private sale and any deficiency shall be made good by the defaulters.
  2. Lots purchased on behalf of mail bidders will be forwarded by the most practical method at the risk of the purchaser who shall bear all charges incurred.
  3. The Auctioneer shall not be liable for any omission or errors made by clients when sending their instructions to bid.
  4. If a purchaser wishes to obtain an expert opinion on any lot (not being a mixed lot or a collection containing undescribed stamps), the Auctioneer may, if so requested in writing within seven days of the date of the sale (or in the case of overseas buyers within seven days of receipt of the lot), extend the period within which the lot may be rejected to not later than two months from the date of the sale. Where such extensions are requested the purchaser shall give notice in writing to the Auctioneer and submit the lot to a mutually acceptable expert body. Extensions necessitating more than two months delay from the date of the sale will, unless the circumstances are exceptional, only be granted if the permission of the vendor for a longer extension has been obtained by the Auctioneer prior to the sale. The Auctioneer may require the lot to be paid for pending the receipt of the expert opinion, the cost of which is the liability of the buyer. If an extension is required on an item which already possesses a certificate dated within ten years of this sale, written notice must be given at least two weeks prior to the auction in order that the owner's permission for further expertisation may be obtained.
  5. The right to refuse admission to the Auction Room is reserved.
  6. Bids from minors will not be accepted unless accompanied by a full cash deposit or by suitable guarantees. New clients must send references in advance or a full cash deposit.
  7. All purchases made by residents in the Dollar Area must be paid for in Dollars at the controlled rate of exchange or by Sterling Draft.
  8. Interest at 1% for the first month or part of a month and 1½% per month for any further credit, is charged on all auction accounts if payment is not made within seven days of the date of the Sale (Overseas Buyers within seven days of the receipt of the invoice). When paying in any currency other than sterling, 1% should be added to the account to allow for bank transfer costs.
  9. Stamps described as having defects are not returnable on account of their condition. Stamps cannot be returned on account of the centering or the amount of margin when such stamps are illustrated.
  10. Any dispute as to the meaning or operation of these Special Conditions or of the Conditions, a synopsis of which is printed above, shall be determined conclusively by the Auctioneer.
- Valuations are fair values that one might expect to pay on the market today. The finer points of quality are often indicated by these valuations.

# Viewing Arrangements

lots will be on view in our auction rooms:

Monday, 4th May, until Friday, 8th May, 1970 ... .. .	10.00 - 17.00 hrs.
Monday, 11th May ... .. .	10.00 - 17.00 hrs.
Tuesday, 12th May ... .. .	10.00 - 11.00 hrs.

Lots of a suitable size and value can be sent through the post for inspection, postage and insurance both ways to be borne by the client.

Clients who cannot conveniently visit the auction rooms at 50 Pall Mall on the viewing days quoted, may view the lots at an earlier date by making an appointment, either by letter or telephone, giving three days' notice, and the time and lots required.

By observing these arrangements it makes it possible for the Inspection Clerk to reserve the lots required (which might otherwise be with a postal viewer) and to have them available on the mezzanine floor when the clients call.

With regard to new clients who request lots for postal viewing, references should be sent in advance.

THE END OF THE SECOND SESSION

## Extensions

Extensions should be requested at the time of making a bid. Overseas buyers should complete the special form provided and return it to the auctioneer who will then submit the lot to the B.P.A. Expert Committee. Inland buyers must be responsible for obtaining an expert opinion after notifying the auctioneers of their intention on the special form. In no case will extensions be given for B.P.A. or other acceptable expert opinions that necessitate more than two months delay from the date of the sale. Should the buyer (or ourselves on behalf of an overseas buyer) fail to secure such opinion within two months, the right to return the lot will be forfeited. The only exception is when the permission of the vendor for a longer extension has been obtained prior to the sale. All costs connected with expert opinions are the liability of buyers. If an extension is required on an item which already possesses a certificate dated within 10 years of the sale, written notice must be given to us at least two weeks prior to the auction in order that the owner's permission for further expertisation may be obtained.

## Sterling Currency Conversion

Overseas buyers will find this table of use when converting their bids into sterling equivalents. These are approximate and this table should not be used for estimating a payment owing to the slight variations in the exchange rate and the cost of bank charges.
