Viewing Arrangements

Lots of a suitable size can be sent through the post for inspection, postage and insurance both ways to be borne by the client.

Clients who cannot conveniently visit the auction rooms at 50 Pall Mall on the viewing days quoted, may view the lots at an earlier date by making an appointment, either by letter or telephone, giving three days' notice, and the time and lots required.

By observing these arrangements it makes it possible for the Inspection Clerk to reserve the lots required (which might otherwise be with a postal viewer) and to have them available on the mezzanine floor when the clients call.

With regard to new clients who request lots for postal viewing, references should be sent in advance.

Lots from this sale will be on view:—

Special Notes for Buyers

If you personally attend the sale you will be asked to write your name and address on a small form, in exchange for which you will be given a card bearing a number. Please use this card for bidding—when you buy a lot, the number, not your name, will be called. This not only preserves anonymity where desired but this number will appear on your account and at the end of the sale (or when you leave the auction) you will be able to secure the lots purchased in exchange for the numbered card. Clients bidding on behalf of several people should use a separate number for each person.

If you send your bids through the post to the auctioneer (and all postal bids should be addressed to London), you will be allotted a number, and your name and instruction will remain confidential to the auctioneers.

All lots will be sold at the price for which they are knocked down by the auctioneer.

Delivery of lots: Saturday 29th November, 9 a.m. to noon. Postal delivery will be made from Bermuda on 1st December.

Payment Regulations

The sale is conducted in U.S. dollars. Payments in Bermuda dollars can be accepted at a premium of 1%. Payments in other currencies will be credited at the sum in U.S. dollars that the remittance realises. Much trouble can be saved to the buyer if he remits by a draft in U.S. dollars and NOT in any other currency.

Payments for postal bidders should be sent to:—Robson Lowe (Bermuda) Ltd., P.O. Box 88, Harrington Sound, Bermuda, ALWAYS QUOTING THE INVOICE NUMBER.

Overdue payments are charged in accordance with our conditions of sale.

The following 22 lots comprise a correspondence of some eighty letters from Jamaica written between 1804 and 1828. The writer was a clerk in the victualling office, Jamaica, and the correspondence is to his brother who apparently left Jamaica about 1800 to join the Methodist Ministry in England. The brothers inherited an estate in Jamaica and much of the correspondence relates to prices of commodities and payments to the brother in England, who suffered from ill health and an ever-increasing family, so that he resigned from the Ministry. He tried to trade with Jamaica by sending stocks of boots (their poor quality resulted in small sales) and candles (which melted and stuck together).

The correspondence sheds light on the difficulties in opening churches and the fact that one was liable to imprisonment for preaching. The emancipation of slaves and their market value is discussed.

The types quoted are those given by Thomas Foster. There are several varieties of type 4 which are unlisted; there were at least two instruments, one with a broad M, the other with a tall narrow M.

There are two examples of the rare PAID TO ENGLAND, both later than those recorded by Foster. The JAMAICA/F struck at Falmouth in green, was an indication that this letter had been posted "Too Late" for the mail.
