G.B.

The De La Rue—Years 1878–1910

A LIMITED LIBRARY EDITION—EVERY COPY NUMBERED

A superb detailed commentary on the issues and the background to the why's and wherefore's of the period in G.B. Political and Postal History.

By W. A. Wiseman, B.A. (Oxon), F.R.P.S.L.

Bridger & Kay are pleased to announce publication of this major new work on Great Britain philately, to be complete in three volumes. Volume 1 is in the press and planned to appear early in 1984. Volumes 2 and 3 are anticipated to follow at approximately annual intervals.

In this work W. A. Wiseman has studied from two standpoints the years when De La Rue held contracts for printing British postage stamps. His twofold approach is both historical and philatelic. Firstly, from researches into contemporary documentation and the background to the printing contracts, the day-to-day relations between De La Rue, the Inland Revenue and the Post Office become clear. The great technical superiority and commercial enterprise of the firm over its possible rivals is demonstrated as are the technological changes and administrative problems inherent in mass-producing stamps for a public becoming better educated and acquiring a modern life-style.

This historical context underlies the author's fresh judgments and serves to supplement and balance the hitherto-accepted authority, John Easton's well known *De La Rue History* (1958). Much of Easton's work was, of course, devoted to the Imperial and Foreign printing whereas this new book, concerned only with G.B., is able to give the greater detail that will be invaluable for the student.

Mr. Wiseman, however, has a second aim: to produce a treatise for the collector. Against the background of social and historical matter he is then able to take each individual stamp in turn and present a detailed catalogue of all the presently known artifacts relating to it. The scale of this work, never before attempted, can be judged from his classifications. Each stamp has a general introduction, concerned particularly with its origins and its date of issue or first use (and on issue dates the author often shows how the accepted "facts" are suspect). Then follow complete particulars on (a) essays; (b) die proofs; (c) plates; (d) plate proofs; (e) colour trials; (f) registration sheets; (g) printings; (h) colour or production standards; (i) shade varieties; (j) plate varieties; (k) other varieties; and (l) other items, including specimens and forgeries. Such an encyclopaedic handbook by its nature cannot show prices, particularly as many items listed are unique, but there are notes on rarity where appropriate. Apart from the superb reference value of the listed data, the author shows exactly where further research is needed; one purpose of the book is to encourage collectors to re-examine their stamps.

Throughout the three-volume set there are numerous photographic illustrations—which include pages of colour plates—together with specially drawn diagrams and much tabulated information. The first edition will be published in de-luxe form, particularly suitable for personal or institutional libraries, and limited to 600 numbered copies.

Volume 1 is now offered at the special pre-publication price of £45 post-free and subscription orders should be advised without delay. These will be fulfilled with copies of the book signed by the author.

All serious collectors of Q.V. and K.E.VII Great Britain will welcome this authoritative and original work—a fundamental reappraisal of a key period in British stamp history.

Order:—

Please supply when published (Edition of 600) copies at the **Pre-publication price of £45.**

To take advantage of this offer all orders must be paid at the time of order.

Plus Appendices and Index

FORTHCOMING

- VOLUME 2:** Unified issues 1883—Government Parcels overprints—Jubilee issue 1887—O.W. and Army Official overprints
- VOLUME 3:** K.E.VII De La Rue issue—Board of Education, R.H. and Admiralty Official overprints—K.E.VII provisional issues 1911-13

CONDITIONS OF SALE

WE DO NOT CHARGE A BUYER'S COMMISSION

1. The highest bidder to be the purchaser, the auctioneer reserving the right to accept or reject any bid, without stating any reason. In case of dispute the auctioneer shall be the sole arbiter. A re-offered lot is usually started at original opening bid.
2. The bidding and advances to be regulated at the auctioneer's discretion, who also reserves the right to bid on behalf of the vendor. We are not prepared to increase a bid once lots are knocked down to a buyer.
3. Buyers to give their names and addresses, and to pay purchase price before delivery, otherwise the lot will be withheld until receipt of cash. By prior arrangement with the auctioneer purchasers may take delivery of any lots secured in the room or by post.
4. The actual purchaser at these sales shall be deemed to be the individual person to whom the lots are knocked down unless any written arrangements to the contrary have been made previously. An agent purchasing on behalf of a client or clients shall himself be fully responsible for payment of the purchase price plus expenses. Agents are required to take delivery at or after the sale and arrange payments direct to us. If agents leave lots with us and request us to post out and collect funds from their clients a charge of 2% of the gross invoice value will be made for this service to the agent. (Minimum charge £5).
5. All lots to be paid for and cleared from the auctioneer's premises within four days of the date of sale. Account clients are required to make full payment within 14 days of receipt of invoice unless arrangements are made to the contrary before the sale. An agent is personally held fully responsible from the time the lot is knocked down, whether or not the lot is delivered in the room to the agent or posted subsequently on the agent's instructions to his client. No extension can be granted at a later stage to his client — such instruction is required before the sale in writing. Upon failure to comply with this condition uncleared lots may be resold by public or private sale, and any deficiency together with all attendant charges, shall be made good by the defaulter, but any surplus that may arise from such resale shall belong solely to the vendor in this present sale.
6. Lots purchased on behalf of postal bidders will be forwarded by the most practical method, all charges incurred, including carriage and insurance, to be borne by the purchaser. Overseas buyers' lots are sent airmail, insured.
7. Our staff make every effort to ensure that the lots are adequately described. However, if an extension is required on any lot this has to be made known to us before the sale begins and we reserve the right to reject such a request. Any wrongly described lot in the catalogue has to be returned to us **within 2 days of receipt of the stamps by the buyer**. This provision does not apply to collections or mixed lots containing described or undescribed stamps. (See Condition 9.)
8. Every care is taken in describing lots and each is sold as genuine and correctly described. If a prospective buyer wishes an extension on any lot, the auctioneer must receive notice in writing before the auction, (although under exceptional circumstances such requests may be accepted at the auctioneer's discretion during the sale). Certificates obtained must be from a recognised expert committee, agreed by the auctioneer. The auctioneer reserves the right to cancel any bid with an extension and shall notify the bidder of such action. Certification must be cleared within **two months of the sale**. Payment is, however, due to the auctioneer within seven days of the sale, and will be held in trust until two months have expired or a certificate been obtained. If a lot is pronounced genuine and according to description the fees shall be paid by the purchaser who shall retain the certificate; if the decision is adverse, the fee shall be paid by the vendor; if the decision is not clear-cut or no decision can be given the matter will be dealt with by mutual agreement between auctioneer, buyer and vendor.
9. No stamp or lot can be accepted back unless in absolutely the same condition as when sold. In no case can a mixed lot containing undescribed stamps be returned. The description of general mixed lots in our sale are only to be taken as a guide of contents — space in many cases precludes detailed description. Hence we advise care in bidding on mixed collections. Estimated values are given only as a general indication of value and lots may be sold under or over this figure.
10. The placing of a bid in writing shall constitute acceptance of the foregoing conditions of sale. No exceptions can be made after auction. Our experience indicates that it would be advisable for buyers with queries over lot description, catalogue value, etc., to contact us and discuss the lot before the Sale, as no exceptions can be made to our ruling that the placing of a bid constitutes acceptance of the Conditions.
11. No photographed lot can be returned for centring or perforation defects or any other visible defect.

TERMS OF SELLING

Our commission is normally 15%. Depending on the amount of work involved and the value of the collection, there is a minimum unsold lotting charge of £2 per lot. It would be appreciated if lots are worth a minimum of £50 each. The commission charged on unsold lots is normally 7½% of the reserve placed on the lots or agreed with the vendor or minimum £2 per lot. Other specific terms may be made but these have to be agreed before the catalogue goes to press. **Please note we do not charge a Buyers Commission.** Unsold lots must be collected from our premises, or written instructions given by vendors regarding their disposal within twenty days of the sale, otherwise such lots will be offered without reserve in a subsequent sale. Vendors are normally paid out within 6 weeks of the sale. We reserve the right to withdraw any lot.

BUY BIDS

We regret these cannot normally be accepted unless definite prior arrangements have been made before the Sale in writing.

PRICES REALISED

These are prepared within 48 hours of the sale and despatched to all postal buyers/bidders. We reserve the right to sell "duplicate lots" if these are available at the same price as the successful bid. All such lots are sent to buyers clearly noted "duplicate" on invoice.

OVERSEAS PAYMENTS

Overseas clients are required to make payments in sterling drafts payable in London as overseas collection of cheques delays payment considerably. **All bank charges are debited to buyer.**

VALUE ADDED TAX

With the imposition of this tax, we regret to say we are required by law to **add and charge V.A.T.** on these lots which are marked with a "T" after the estimate in the following manner:

1. Overseas purchasers buy tax free regardless, whether the lot is marked with a "T" or not. (New E.E.C. regulations may apply)
2. All overseas vendors will not be charged V.A.T. on commission.
3. All lots belonging to U.K. vendors who are not registered will sell through our Auction tax free to buyers. (See 6).
4. All U.K. vendors who are registered for V.A.T. will have their lots marked with a "T" and these lots will be tax chargeable to all U.K. purchasers whether they are registered or not.
5. All U.K. buyers whether registered or unregistered will be charged tax on lots marked "T". Registered Dealers will be able to claim back V.A.T.
6. All material that is handed to us in our Pall Mall Office by non-registered vendors, either U.K. or overseas, be they amateur or professional, for sale in our Auction, to be paid for in sterling in London will be non taxable in the Auction; however, such vendors will be charged V.A.T. on the commission.
7. We understand that stamps over 100 years old are not chargeable for V.A.T. but please note mixed lots with stamps 100 years old and less are chargeable if marked 'T'.

At present (Sept. 1983) V.A.T. is at 15% — All lots marked "T" are charged Tax.

NEW ZEALAND
Post and Telegraph Department.
Eighteen 1d. Stamps Price
and Twelve 1d. Stamps 2/-

21, June 1923.

To be duly verified :-

- That the stamps 112, a (s.) which are being sold were originally presented for, and accompanied the British Antarctic Expedition.
- That no register has been or will be made.
- That of the original supply every stamp has been accounted for and include those presented to the Public Commission and those used by the members of the Expedition.
- That no unused or officially cancelled stamps have been or will be sold to the public for less than 1/2- for the 1d. and 1/2- for the 1d.
- That the official Postmark has been fixed to show the day and hour (on 21st 21st 1.30, p.m.) when the "Terra Nova" arrived at the Post Office at Cape Pender, Victoria Land, so that their value is preserved.
- That the stamps were actually used with authority from the Government of the Dominion of New Zealand to pay postage on the mails carried by the S.T. "Terra Nova" S.T.D.

Approved: *Edward M. Lewis* Asst. Postmaster of Victoria Land
Commander, S.T.
Commanding British Antarctic Expedition, 1922-23.
